1. SAFETY INFORMATION

Please read and understand all instructions before using this product. If damage is caused by failure to follow the instructions, the warranty does not apply.

1.1 WARNING

To reduce the risk of electric shock, DO NOT remove the cover or the back of the Frontline TV Box.

To reduce the risk of fire or electric shock, keep this product away from direct sunlight, open flames or heat, large amounts of moisture, dust and sand.

DO NOT attempt to repair the product; this could lead to risk of injury and/or damage to the product.

FCC Note (for U.S.A.)

This equipment has been tested and found to comply with the limits for a Class B Digital device, pursuant to Part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on.

The user is encouraged to try to correct the interference by one or more of the following measures:

• Reorient or relocate the receiving antenna.
• Increase the separation between the equipment and receiver.
• Consult the dealer or an experienced radio/TV technician for help.

This Class B digital product meets all requirements of the Canadian Interference-Causing Equipment Regulations.

1.2 PRECAUTIONS

Important Safety Instructions

Read these operating instructions carefully before using the device. Follow all the safety instructions listed below.

Keep these operating instructions handy for future reference.

• Heed all warnings.
• DO NOT use this device near water.
• DO NOT clean with any chemical detergent. Clean only with a dry cloth.
• DO NOT block any ventilation openings. Install in accordance with the manufacturer’s instructions.
• DO NOT install near any heat sources such as radiators, heat registers, stoves or other apparatus that produce heat.
• Protect the power cord from being walked on or pinched particularly at plugs, convenience receptacles, and the point where it exits the device.
• Only use attachments/accessories specified by the manufacturer.
• Unplug this device during lightning storms or when unused for a long period of time.
• Refer all servicing to qualified service personnel.

Servicing is required when the device has been damaged in any way, such as when the power supply cord or plug is damaged, liquid has been spilled or objects have fallen into the device, the device has been exposed to rain or moisture, does not operate normally, or has been dropped.
1.3 HANDLING CAUTIONS

- **DO NOT** expose this device to dripping or splashing liquids. Do not put objects filled with liquids, such as vases, on the device.
- To turn this device off completely, you must remove the power plug from the wall socket. Consequently, the power plug must be easily and readily accessible at all times.
- **DO NOT** plug multiple electric devices into the same wall socket. Overloading a socket can cause it to overheat, resulting in a fire.
- Before connecting other components to this player, be sure to turn them off.

2. INTRODUCTION

2.1 PACKAGE CONTENTS

1. Frontline TV Box ATV585
3. Frontline Remote Control FBR-2888A
4. HDMI Cable
5. Power Adapter (Input: AC100 – 240V, 50/60HZ, Output: 5V/2A)
6. Two-pack AAA Batteries

2.2 FRONTLINE TV BOX FEATURES

- Quad Core A5, 1.5GHz, RAM 1G , ROM built-in 8G eMMC.
- Powered by Android 4.4 OS.
- Built in 802.11b/g/n Wi-Fi module, wireless Internet access.
- 2 USB interface, support mobile HDD, wired/ wireless mouse and keyboard operation (one port used by remote control receiver).
- Support 1080p video playback.
- HDMI video output, connect to HDTV for HD video playback.
- Support weather, calendar, and desktop clock gadgets.
- Support music player, picture player and more family entertainment.

2.3 PANEL INTRODUCTION

2.4 SET-UP CONNECTION

Place Frontline TV Box on a flat surface near the TV.

Notes: Your Frontline TV Box must be connected to the internet. Internet access can be achieved through either ethernet cable or Wi-Fi. Video connection between the Frontline TV Box and your monitor or TV can be made with the provided HDMI cable (preferred, if available on your TV) or through an AV cable (AV cable adapter provided).
2.5 FRONTLINE REMOTE CONTROL WITH AIR MOUSE

Frontline Remote Control model FBR-2888A is included in your package. Before using the product, you will need to install the enclosed AAA batteries, one at each end.

   - **Fn Off**
   - **Fn On**

2. **Shift** Hold down for upper-case letters.
2.6 TURNING ON YOUR TV BOX OR PUTTING IT TO SLEEP/STANDBY MODE

To turn on your Frontline TV Box, press the “STB” (Set Top Box) power button on the top right-hand corner of your remote control. The red light on your TV Box will change from red to green when the TV Box is turned on.

After powering up, the TV screen will display the Main Menu page with the Frontline logo then the screen will display the last channel that was watched when the Frontline TV Box was last turned off.

When you turn off your Frontline TV Box it will go into “Standby” mode and the light on the box will turn from green to red. If you hold on the “STB” button longer, the “Standby” dialogue box will appear, then press the “OK” button to place the TV Box in “Standby” mode. (From this same dialogue box you can also choose to “Reboot” your TV box.)

2.7 PROGRAMMING YOUR FRONTLINE REMOTE CONTROL TO OPERATE YOUR TV

In addition to operating the Frontline TV Box, the Frontline Remote Control is capable of controlling basic commands on your TV set such as ON/OFF, Volume, Mute and Input device.

You can program the five TV buttons grouped in the TV section on the top left-hand corner of your Frontline Remote Control using the following steps:

1. To begin the syncing process, locate the remote control that you use to control your television.
2. Place your Frontline Remote Control less than 3 centimeters apart from your television remote control, head to head on a table surface. See image below.
3. Hold down the TV Mute button on the Frontline Remote Control until the TV Power button flashes red then turns solid red. This may take 5 or more seconds. This begins the syncing process.
4. Hold down the TV power button on the Frontline Remote Control. While holding it, press and hold the power button on your TV remote control for 3 seconds. Do this three times to fully sync the power button. You will have to repeat this process for the remaining four TV buttons (Volume + and -, Mute and Input).
5. To end the syncing process, press the “STB” power button.
3. NAVIGATION

3.1 GENERAL TV CHANNEL NAVIGATION

Selecting a Channel
While watching a TV program you can select another station by choosing the Channel Up or Channel Down arrow buttons. You can also select a station by entering the station number. To return to the previously watched channel press the “Last” button 

Using the TV Guide
Press the “TV Guide” button on your remote control and the TV Guide will appear on your screen with all the stations in your TV package, listed under “Basic Channels.” The thin vertical blue line that appears over the TV programming represents the programs playing at this current time. Everything that appears to the right of the blue line are upcoming programs and if you navigate to the left, you can view the previously aired programs that are available to be re-watched.

Use the four arrow keys and the “Page +” and “Page -” buttons to navigate the guide. Press the “OK” button to view the program that is highlighted, or view other options.

If at any time you wish to return to the current date, press the “Today” button .

3.2 MAIN MENU FUNCTIONS

To display the Main Menu on your TV, click the “BACK” button .

My Account: Displays information about your account.
Recorder: A list of your CloudPVR programs, if you are subscribed to the CloudPVR service.
PVR ALL: Access to all previously recorded programs from the last two weeks.
Movies: Future content (not yet available).
Colba.net TV: Live TV, Frontline TV partner.
All Apps: Gives you access to all the other installed apps on your TV Box.
App Settings: Settings for Frontline TV app.
Store: Future store coming soon.
OS Settings: Loads Android settings app.

3.3 REWIND LIVE TV

While watching live TV you can rewind the TV program you are watching at any time using the following steps:

1. Press the “Play/Pause” button on your remote control. A paused indicator will appear on your screen and the program time bar should change to orange.

2. Once the TV program fully pauses (this may take up to 12 seconds) push the rewind button on the remote control to rewind the program. You can push the “Rewind” button several times to rewind at speeds up to 16x.
**3.4 PVR ALL (PERSONAL VIDEO-RECORDING)**

Your Frontline TV Box allows you to re-watch any previously aired program during the last two weeks from all unique channels. If you are in the TV Guide you simply select any pre-recorded program from the TV Guide by highlighting it and selecting OK. You can also view all PVR shows by selecting “PVR All” from the Main Menu.

1. Select the channel, date, and time when your show aired.
2. Press “OK” to view the program.

**3.5 YOUR FRONTLINE REMOTE HAS MOUSE FUNCTIONALITY (AIR MOUSE)**

With your TV on, press the “AIR MOUSE” activation button on your remote control to reveal the mouse arrow on your TV screen. You can then move the arrow by directing the remote control to different locations on your screen. To select the function the arrow has landed on, push the “OK” button.

**3.6 FRONTLINE REMOTE CONTROL KEYBOARD**

Your Frontline Remote Control is equipped with a full QWERTY keyboard on the underside. This is useful for typing in anything longer than a few characters, such as passwords or search words.

NOTE: For upper case characters hold down the “Shift” key while pressing the desired letter. For numbers and symbols, press “Fn” to activate the superscript (gold characters) keyset mode, and once finished press the “Fn” button to deactivate the superscript keyset mode (red light will indicate activation).

**4. SETTINGS**

Access your Frontline TV Box “Settings” from the Main Menu (press back button if watching TV) by following these steps:

1. Select “All Apps”
2. Select “Favourites”
3. Select “MediaBox”
4. Select “Settings”
4.1 WI-FI SETTINGS
The TV box will automatically scan for Wi-Fi networks when the “Wi-Fi” box is checked in the Network display page found within the “Settings” section. Select the Wi-Fi Network you wish to connect to. If you are connecting to a secured Wi-Fi network, the corresponding password must be input before selecting “Connect Now.” Once you have connected to a Wi-Fi network successfully, the TV Box will automatically connect to this Wi-Fi network when restarted.

Entering a password for a specific Wi-Fi network:
Once scrolled to the desired Wi-Fi network, enter your password in the prompt box using the keyboard on the back of your remote control (for upper case letters hold the “Shift” button prior to entering each letter). You will need to input a corresponding password prior to connecting. First press the “Fn” button (a red light will appear next to “Fn”) then simply enter the corresponding character.

Note: When you have completed entering superscript characters for your password, click on the “Fn” button to turn off the red light to avoid running down the battery.

4.2 RESIZING THE PICTURE TO FIT YOUR TV SCREEN FORMAT
Using your remote control, follow the steps below to resize the picture on your TV so it fits the format of your TV monitor. This feature will shrink or enlarge the picture and remove any black borders or frames that may appear on your TV screen around the picture.

1. Press the “Back” button on your remote control.
2. Select “All Apps” using the arrow buttons or cursor.
3. Select “Favourites”
4. Select “MediaBox”
5. Select “Settings”
6. Select “Display”
7. Select “Display Position”
8. Use the Up and Down navigation arrows to resize the picture on your TV so it fits the format of your TV monitor.
9. Select OK to save your resized picture.
4.3 OTHER ADVANCED SETTINGS
Additional setting can be reached by pressing the “Settings” button on the remote control.
